

Nano Hygiene Technology

Dear Valued Partners,

Welcome to Cleapet — where advanced science, premium quality, and proven results come together.

As a manufacturer exporting to 19 countries, we produce all dermacosmetic products, nutritional supplements, grooming solutions, and veterinary formulations with our own R&D, nano-technological expertise, and modern facilities in Türkiye. Our second factory in the United States is currently under construction, expanding our global production power even further.

Every product you see in this catalogue — and beyond — can be manufactured exclusively under your own brand, with the same high standards that make Cleapet a trusted name worldwide.

We invite you to join our network of strong partners and grow with a brand that delivers innovation, reliability, and 100% effective results.

Cleapet – Premium Manufacturing. Global Trust.
